

Requirements for "students with outstanding research performance"

(For students enrolled after FY 2012)

"Students with outstanding research performance" refers to those who have written 2 or more theses in English and meet all of the following conditions.

- ① The applicant should submit the main thesis prepared during the doctoral course that has been accepted by a (peer-reviewed) leading international journal and has particularly high academic value.
- ② The applicant should submit at least 1 reference paper prepared during the doctoral course that ranks among the top 3 author and that has been accepted before submitting the main thesis by a leading international journal.

For those who have completed a master's course, "during the doctoral course" in ② may be substituted as "during a master's course," and for graduates of a six-year bachelor's course, "during the doctoral course" in ② may be substituted as "during a six-year bachelor's course". However, the reference paper must be limited to the field of medical sciences or life sciences.

「優れた研究業績を上げたと認めた者」に関する要件

(平成24年度以降入学者)

「優れた研究業績を上げた者」とは、英文論文2編以上を作成した者で、次の条件をすべて満たす者とする。
